## About EY's CFO Program

Globally, EY has invested in a CFO program to provide insight and guidance to CFOs and future finance executives, as they seek to develop themselves and their teams and learn from others in their peer community.

The First 100 Days Program is a bespoke program for Group, divisional, business unit and future CFOs. The program is tailored to your needs, taking into consideration the size and global reach of your organisation, your industry and your past experience.

For experienced CFOs, the program is a forum to test your strategy. For new or future CFOs, it will enable you to develop a robust approach to your first 100 days in a new role.

# The program

In the initial workshop we will incorporate input from your CEO and board members on priorities for the first 100 days. We will work through an exercise to understand your requirements, including industry and organisational up skilling and insights, and map out your personalised program.

All modules are based on the six key areas that our research indicates make up the broad spectrum of the CFO's role. See overleaf for a description of the sessions available.

The First 100 Days Program is offered at no charge to CFOs as an exclusive G100 member benefit. For more information and to register your interest, please contact
